

**Preparation Instructions:**

Using a mixing bowl and a paddle, place cookie mix into the bowl. Start mixer on a low speed then add 9 oz. of water and allow it to mix in. Once all of the water is evenly mixed in, the dough is completed. This should take approximately 1 minute. Be careful not to over mix. Next, form a log/snake about 1" in diameter, then cut the snake into 1 1/2" long increments (1 oz. pieces). Round the cut pieces into a ball and place onto a lightly greased baking sheet. Flatten each ball of dough slightly. This will give you a 3" - 3 1/4" finished cookie.

**Conventional Oven Baking Instructions:**

Preheat oven to 375 degrees. Bake for about 12-14 minutes or until golden brown. Remove cookies and place onto a cooling rack.

**Convection Oven Baking Instructions:**

Preheat oven to 325 degrees. Bake for about 7-9 minutes or until golden brown. Remove cookies and place onto a cooling rack.

Note: Baking times may vary depending on the oven.
